# Cambridge Virtual Academy <br> 2021 School Accountability Report Card 

| SARC Overview | By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. <br> For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/ <br> For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/ <br> For additional information about the school, parents/guardians and community members should contact the school principal or the district office. |
| :---: | :---: |
| DataQuest <br> DataQuest | DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners). |
| California School Dashboard <br> California School DASHBOARD | The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement. |
| Internet Access | Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents. |

## 2021-22 School Overview

Cambridge Virtual Academy is $100 \%$ online virtual learning and is one of only a handful of course-based independent studies programs in the state of California. Students at CVA come from throughout the entire Anaheim Union High School District. CVA has a total of 3 permanent released teachers who work at CVA, while the remaining faculty and staff teach at CVA for a period or two. CVA students meet with their teachers for each of their classes once a week at a synchronous meeting for 45 minutes and they can attend their office hours, which CVA teachers host weekly.

CVA is taught by award winning educators from throughout the AUHSD, all of whom have been trained on the Standards for Quality Online Instruction. They undergo intense professional development when originally selected to be a CVA teacher and continue this professional development throughout the year. They deliver lessons to CVA students that are engaging, cross curricular, and project-based, framed around the 5 C's (critical thinking, creativity, collaboration, communication, and character), the driving force here in AUHSD. The modules for each of their classes open Tuesday morning and students have until the following Monday to complete their assignments. CVA serves students in grades 7 through 12, provides students with an opportunity to participate in concurrent enrollment, and dual enrollment.

## A. Conditions of Learning

## State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

| Total Teaching Positions |  |  | 1206.4 | 100.0 | 274759.1 | 100.0 |

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All content subject areas utilize standards-aligned, State and District adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district level through an established curriculum cycle. Teachers are given in-depth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

This information was collected in September 2018.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

## Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more gradelevel[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

## Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

## 2021-22 Opportunities for Parental Involvement

Parents have many opportunities to be involved with Cambridge Virtual Academy. Each month, CVA hosts an online virtual meeting entitled, "CVA Counts." There, parents have the opportunity to meet with CVA's principal, counselor, a wide array of teachers, and classified members, all of whom work together to host these monthly meetings. The topic of each meeting varies

## 2021-22 Opportunities for Parental Involvement

from month-to-month, is relevant to what is occurring for our students and families at the time, and is usually decided by CVA's Leadership Team.

CVA also started their first PTA. Led by a group of CVA's parents and assisted by our classified employee, CVA's PTA has over a dozen active parents, all of whom want to help out with CVA in whatever way they can. CVA also initiated their first School Site Council. The first School Site Council meeting was held on October 28th at 4:00pm and was done virtually. Two parent representatives were elected, with one additional parent serving as an alternative, but all three parents attended and actively participated in the school site council meeting. The agenda and official announcement to this School Site Council meeting was published on our school's website, 72 hours before the meeting to provide any interested parents with the opportunity to attend if they so choose.

We are continuing to expand our student clubs and student run organizations, which often need the assistance of parents for chaperones. CVA parents have really done an excellent job making themselves available to assist with these various opportunities for our CVA students.

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

| Expulsions |  |  | 0.00 | 0.00 | 0.08 | 0.00 |

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

CVA's safety plan was created at the beginning of the 2020-2021 school year. It included two certificated members, two classified members, a principal, and a principal designee. The plan focused primarily on two components: the Social Climate and Physical Environment of CVA. Once this plan was created, it was then presented to the School Safety Team, in January 2021; it was posted on the school website on February 1, 2021; and it was submitted to the District Office for submission to the Board of Trustees on March 1, 2021. Since this was CVA's first year in existence, this safety plan was the foundation for our school and it's safety measures.

CVA's School Safety Team reviewed the 2020-2021 as a starting point for creating our 2021-2022 plan. Although both safety components of the 2020-2021 school year are still relevant to our school, Social Climate and Physical Environment, the objectives in both these components that deal with COVID protocols to ensure the safeguard of our students and staff's health is prevalent and has really guided all of our conversations when our committee meets. Our team knows these protocols, follows them regularly, and the District Office has been fantastic answering any questions or concerns we may have about procedures. One of the main goals we set forth in our safety plan for 2021-2022 school year was to create an Emergency Preparedness plan, consistent with Federal and State Incident Command System Guidelines, which we are still working on. However, the plan will be presented to our School Site Council at their February meeting and submitted to the District Office later that month. At the February School Site Council meeting, it will be studied by our parents and students, in addition to also having the plan posted on our website beginning February 1. In March of 2022, CVA's safety plan should be ready to be presented to the Board of Trustees for AUHSD.

## Professional Development

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to four professional development days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in a teacher induction program. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Research-based instructional strategies are reviewed and implemented.

This table displays the number of school days dedicated to staff development and continuous improvement.

# Anaheim Union High School District 2020-21 Local Accountability Report Card (LARC) Addendum 

## Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020-2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020-2021 school year and the 2020-2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020-2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
