2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Cambridge Virtual Academy (CVA) is 100% online virtual learning and is one of only a handful of course-based independent studies programs in California. Students at CVA come from throughout the entire Anaheim Union High School District and some from out of our district. CVA has a total of 9 full-time teachers, 22 satellite faculty and staff teach at CVA for a period or two from an AUHSD school site. CVA students meet with their teachers for each of their classes once a week at a synchronous meeting for 49 minutes (junior high) and 60 minutes (high school). Additionally, students are required to attend office hours for junior high classes and math classes in high school. All courses offer office hours for students on a weekly basis.

2024-25 School Description and Mission Statement

CVA is taught by award-winning educators from throughout the Anaheim Union High School District (AUHSD) all of whom have been trained on the National Standards for Quality Online Instruction. Teachers undergo intense professional development when originally selected to be a CVA teacher and continue this professional development throughout the year and summer. Teachers deliver synchronous and asynchronous lessons/modules to CVA students anchored around our Career Preparedness Framework focused on Student voice, Technical Skills, and the 5 C's (critical thinking, creativity, collaboration, communication, and character). The modules for their courses open Monday morning and students have until Friday of that week to complete their assignments. CVA serves students in grades 7 through 12 and provides students with an opportunity to participate in concurrent enrollment and dual enrollment.

In the 2023-2024 school year, CVA was approved advanced placement testing site. The only virtual academy on the West Coast to be approved for the administration of advanced placement examinations. Additionally, in the Fall of 2024, CVA was identified as the #2 Public Online High School in California by Niche.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All content subject areas utilize standards-aligned, State and District adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district level through an established curriculum cycle. Teachers are given in-depth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

Materials and instructional materials are reviewed and on a yearly basis and are also part of our focus for our District's Local Control Accountability Plan.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 Career Technical Education Programs

Cambridge Virtual Academy (CVA) offers students the opportunity to complete a graphic communication or computer science career technical pathway. In addition, students can co-currently enroll in another high school to choose from a variety of specialized CTE pathways they would like to pursue. CVA is expanding their CTE pathways this year and offering Business Marketing and increasing the course offerings for Dual Enrollment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents have many opportunities to be involved with Cambridge Virtual Academy. Each month, CVA hosts an online virtual meeting entitled, "Coffee Chats." There, parents have the opportunity to meet with CVA's principal, counselor, a wide array of

2024-25 Opportunities for Parental Involvement

teachers, and classified members, all of whom work together to host these monthly meetings. The topic of each meeting varies from month to month, is relevant to what is occurring for our students and families at the time, and is usually decided by CVA's Leadership Team.

CVA also has a PTSA. Led by a group of CVA's parents and assisted by our classified employee, CVA's PTSA has active parents, all of whom want to help out with CVA in whatever way they can. CVA's School Site Council is another way parents are stakeholders and engage with CVA. The school site council reviews and approves our School Plan for Student Achievement and meets every quarter. Additionally, CVA has representation at the Superintendent's Council meeting. CVA also partners with other school campuses to conduct parent learning Walks and Parent Leadership Academies.

We are continuing to expand our student clubs and student-run organizations, which often need the assistance of parents for chaperones. CVA parents have done an excellent job making themselves available to assist with these various opportunities for our CVA students.

For the 24-25 School year, CVA is expanding its parent involvement opportunities and on-site events (parent summits, field trips, volunteer opportunities, Market Day, Leadership Academy). These events provide experiences for parents to engage in panels, student showcases, and instruction. We value our parents' partnership in learning and building capacity.

2024-25 School Safety Plan

CVA's safety plan was created at the beginning of the 2020-2021 school year. It is revised yearly by a team. The safety team is made up of two certificated members, two classified members, a principal, and a principal designee. The plan focuses on two components: the Social Climate and Physical Environment of CVA. Once the plan is revised it is then presented to the School

2024-25 School Safety Plan

Safety Team Meeting in January; it is then posted on the school website in February and it is submitted to the District Office for submission to the Board of Trustees in March. The safety plan is the foundation for our school and its safety measures.

CVA's School Safety Team reviewed the 2023-24 plan as a starting point for creating our 2024-25 plan. Some of the safety components of the 2023-24 school year are still relevant to our school, Social Climate, and Physical Environment. Although we no longer have the same COVID restrictions, we do have guidelines for reporting symptomatic cases. One of the main goals in our safety plan last school year was to create an Emergency Preparedness plan, consistent with Federal and State Incident Command System Guidelines, which we are still working on. However, the plan will be presented to our School Site Council at their February meeting and submitted to the District Office later that month. At the February School Site Council meeting, it will be studied by our parents and students, in addition to also having the plan posted on our website beginning February 1. In March of 2025, CVA's safety plan should be ready to be presented to the Board of Trustees for AUHSD.

2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Fiscal Year 2023-24 Types of Services Funded

The Local Control Funding Formula (LCFF), Title II, and Title IV programs fund a number of professional development and parent involvement opportunities for Cambridge Virtual Academy. Additionally, LCFF, Title II, and Title IV program funds provide CVA students with a variety of strategic reading and mathematics interventions, which are provided to students that are identified through multiple measures, including SBAC testing. Additional instructional assistance, tutoring, instructional coaches, and monitoring teacher are provided to support lesson design, and academics. In addition, CVA received Equity Multiplier Funds to support students through evidence-based interventions and strategies.

Professional Development

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to four professional development days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in a teacher induction program. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Research-based instructional strategies are reviewed and implemented.

This table displays the number of school days dedicated to staff development and continuous improvement.
